

Power (Not Ours) in 2024

Sunday May 5th - *Pray for the persecuted*

Christians in Bhutan often risk losing their citizenship or other rights because of their faith in Christ. Pastor Abhaya and his wife have been denied a marriage certificate by the government, which jeopardizes their whole family, especially their children, who have been denied citizenship. The family may have to relocate to another country for the sake of their children. Pray for this family as they make decisions related to their future and that of his church. Pray that Christian families in Bhutan will be faithful in spite of this pressure.

Monday May 6th
