

Recovering in 2022

Sunday June 19th *Pray for the persecuted*

While living with her high-caste Hindu aunt and cousin, Shanti, a 17-year-old Christian in Nepal, started spending time with Dalit believers, who are from the lowest Hindu caste. After he cousin, a respected teacher in the village, learned of her visits to the “untouchables” in late 2021, he repeatedly beat her and eventually forced her out of the home. Since then, Shanti’s pastor has let her live at the church. Pray she continues to grow in her faith and is able to continue leading her small groups while finding housing. Pray that Shanti’s cousin and aunt repent for how they treated her and come to know Christ.
