

Recovering in 2022

Sunday July 3rd Pray for the persecuted

Yvette Oulai's husband was a Christian pastor, in the Ivory Coast, before he died seven years ago. After his death his Muslim family members took Yvette's youngest daughter away from her and refused to allow Yvette contact with her daughter. They blame her for her husband's death and won't let her see or speak with her daughter since she is not a Muslim. Because of her faith, they have also refused to help her. Pray that Yvette will be able to contact her daughter, and that she can share the love of Christ with her Muslim family.
