

Overcoming in 2023

Sunday June 4th – Pray for the persecuted

Since the Taliban took control of Afghanistan in 2021, life for Christians is difficult. Most Afghan Christians fled, but some remained. Persecution has escalated from the government, local religious authorities, family, and community, and it continues to increase. Remaining Christians struggle with isolation, but some cautiously reach out, telling “God stories” that can lead to conversations about Christ. Pray for Afghan Christians and that the Taliban will lead by peace, and do what’s good for the country and that they will come to Christ.

Monday June 5th
