

# *Overcoming in 2023*

## *Sunday November 26<sup>th</sup>* – *Pray for the persecuted.*

In January of 2022, al-Shabab terrorists from Somalia broke into a Christian house in Kenya. When the husband boldly declared that he was a Christian, they beheaded him. They then threatened his wife, Grace, and set the home ablaze. On September 26, 2023, terrorists returned to the village and destroyed Grace's rebuilt home and several others. Grace and her children were away at the time, most likely saving their lives. The local pastor's life has also been threatened and the situation in town is tense due to lack of security.
