

Power (Not Ours) in 2024

Sunday December 1st -Pray for the persecuted

Christians compose 1/3 of Lebanon's population, the largest percentage of Christians in any Middle Eastern country. This has made Lebanon a place of refuge for many persecuted Christians from throughout the region. But the ongoing conflict in the region has created a dangerous environment. Bombing is happening on a daily basis. Pray for all the churches and Christians there to be fruitful instruments in the hands of the Lord to spread the gospel in such volatile and dangerous circumstances.
