## *Sunday November 3<sup>rd</sup> -Pray for the persecuted*

Marc, 21, in Benin, battled a chronic illness and could not find a cure even after visiting doctors and voodoo practitioners. Then a friend urged him to come to church, and when Marc became a follower of Christ he was physically healed. His father was upset that Marc, his oldest son, would forsake his duties to the family's voodoo rituals and told him to leave. He stayed at a relative's house, but some family members locked him in a room and tried to force him to return to pagan practices. Eventually he escaped through a window. Today, he lives with a pastor's family, is trying to find a job, and hopes someday to preach the gospel.
