

Resilience on God in 2025

Sunday June 1st – Pray for the persecuted

In Nigeria, a Christian covert from Islam has chosen to stay in his community despite opposition. Abdulmasi studied the Quran but came to faith in Christ through dreams. Since then, people in his village refuse to eat with him; he has been beaten and poisoned; and a majority of his harvest was taken by others. Abdulmasi decided not to leave his village but to stay and share the love of Christ, and he said that people have been asking him questions about his faith. Pray for Abdulmasi as he shares the gospel in his village, and for those who persecute him.
