

Resilience on God in 2025

Sunday March 30th – Pray for the persecuted

When Salim became a Christian, in the country of Lebanon, his wealthy family took away his job, and relatives tried to kill him. But Salim's faith grew stronger, and he shared it with other family members, including an older relative. At one point that relative became sick, they prayed for him and his prayer was answered. Through Salim's witness, several family members have committed their lives to Christ. But one cousin who became a Christian is facing severe pressure from his family.
