

Resilience on God in 2025

Sunday May 11th – Pray for the persecuted

On March 18, 2025, Michelle was at church in Benin, when her mother came and urged her to come home. Not knowing what they wanted, Michelle went and found her father performing an occultic ritual with a voodoo leader. The leader wanted to cut her with a blade covered with “magic powder” to drive out evil spirits. The rest of the family had done this, but Michelle refused and ran to her pastor’s house. When she later returned home; her father beat her, told her she was no longer his daughter, he would not pay her living expenses, and forbid her from attending church. Pray for her and her family.
